INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL

February 21, 2006

Board of Directors Richard D. Schubert Incorporated East Lansing, Michigan

We have examined the effectiveness of Richard D. Schubert Incorporated's internal control over financial reporting as of December 31, 2005 based on SEC rule 17a-5. Richard D. Schubert Incorporated's management is responsible for maintaining effective control over financial reporting. Our responsibility is to express an opinion on the effectiveness of internal control based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included obtaining an understanding of the internal control over financial reporting, testing, and evaluating the design and operating effectiveness of the internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal control over financial reporting to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion Richard D. Schubert Incorporated maintained, in all material respects, effective internal control over financial reporting as of December 31, 2005, based on SEC rule 17a-5.
